

INNOPICK

Robot Guidance System

Dévracage 3D

Cycle Rapide

Haute Précision

Matching IA

Multi-Références

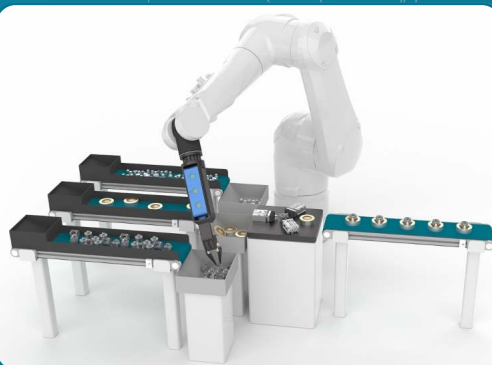

Fixe ou Embarqué

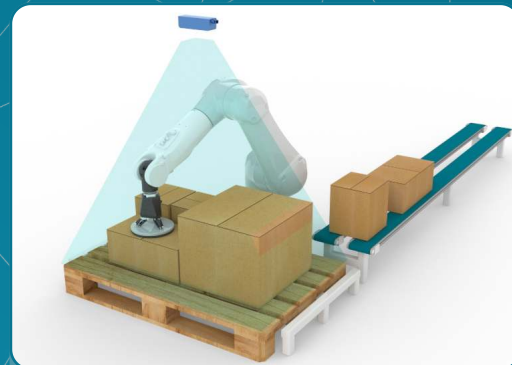

Applications

Dévracage de Grandes Pièces
Multi-Caméras

Dévracage et Assemblage
Multi-Références

Dépalletisation
Mono-Caméra

Powered By AI

Dévracage Ultra Rapide

Installation Simplifiée

Caméra 3D Haute Définition

Calibration Automatique

Guidage robot

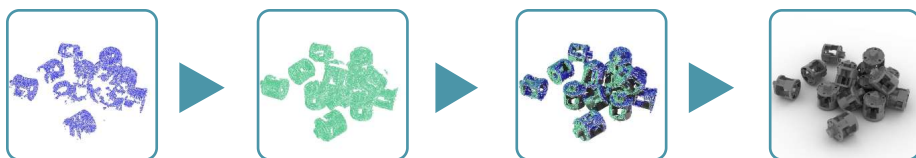

Algorithme Anti-collision

Dépose orientée

Focus #1

- Vision 3D multi-poses

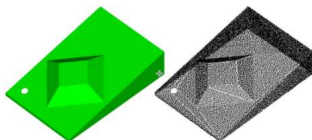

Focus #2

- Fast Set-Up

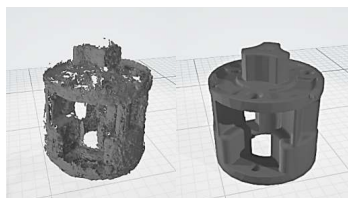

Step 1

Hand-Eye calibration

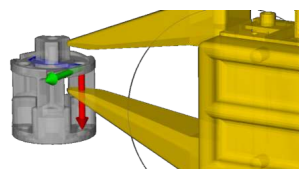

Step 2

Paramétrage du modèle

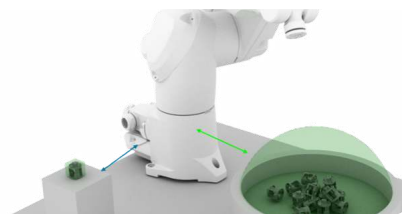

Step 3

Zone de préhension

Step 4

Zone de Dévracage/Dépose :
Distance - Orientation - Taille

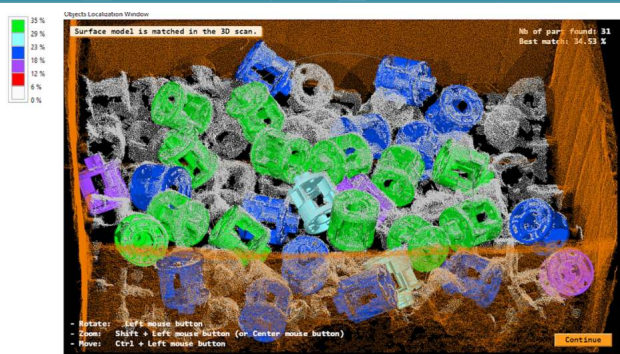

Focus #3

- Matching 3D Haute Performance

Focus #4

- Tous Capteurs
